

Age and Bakery Purchasing Habits

Younger people purchase from bakeries more often

Purchase once a week or more:

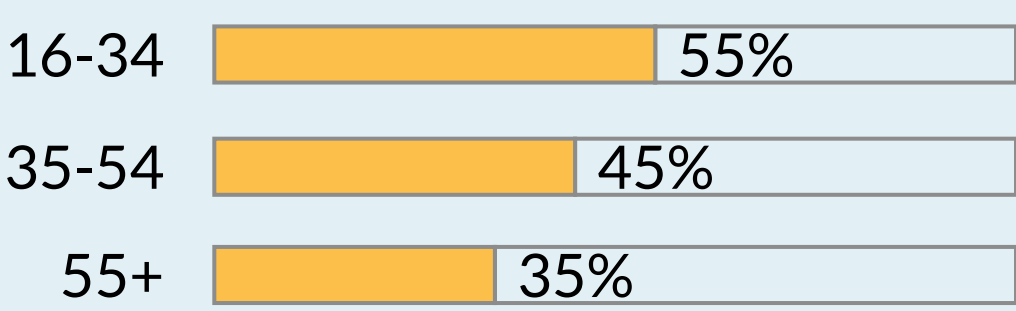

Sample: 2000 internet users aged 16+

Younger people also spend more money at bakeries

Purchases worth over £5:

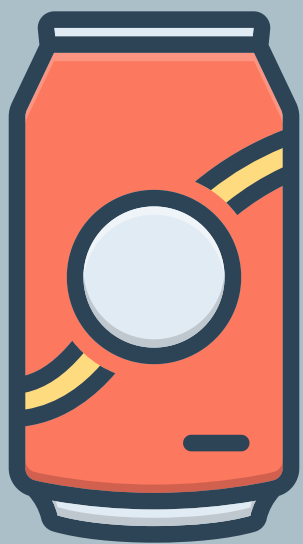

Sample: 1772 internet users aged 16+ who purchased from a bakery/pastry shop in the last 12 months

Most items are more popular with under 45s

Savoury pastries are the only item that are purchased more by over 45s

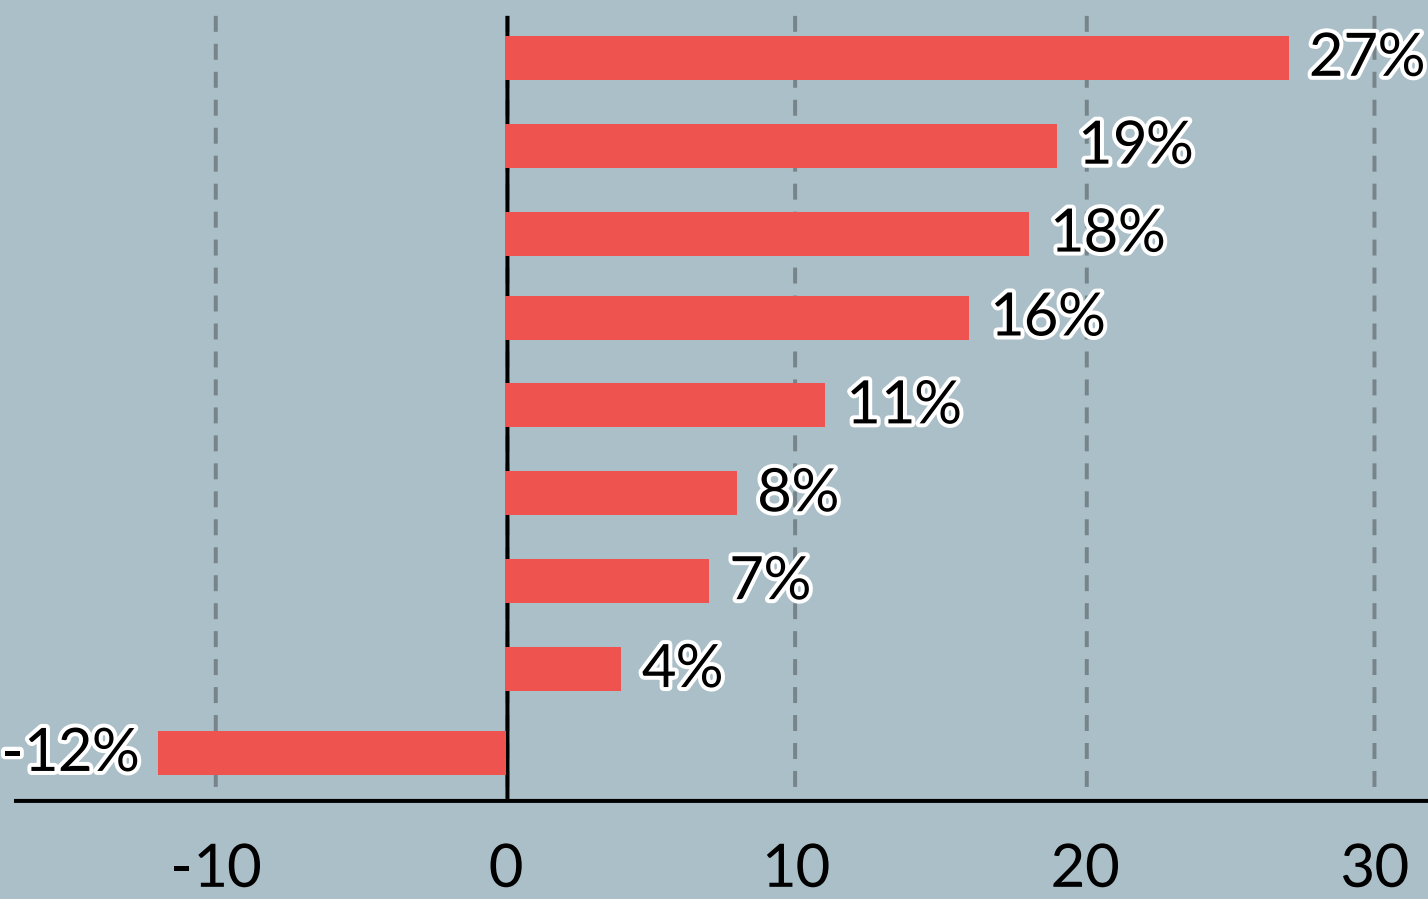

Under 45s prefer a wider variety of products and purchase a lot more cold drinks

Can/bottle drink
Cookies/biscuits
Fresh sandwich
Sweet breads
Sweet pastries
Fresh drink
Cakes
Pre-made sandwich
Savoury pastries

More popular with over 45s

More popular with under 45s

Sample: 1772 internet users aged 16+ who purchased from a bakery/pastry shop in the last 12 months

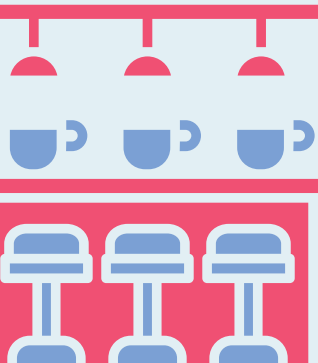

Retail Formats Used in Last Year

16-34 35-54 55+

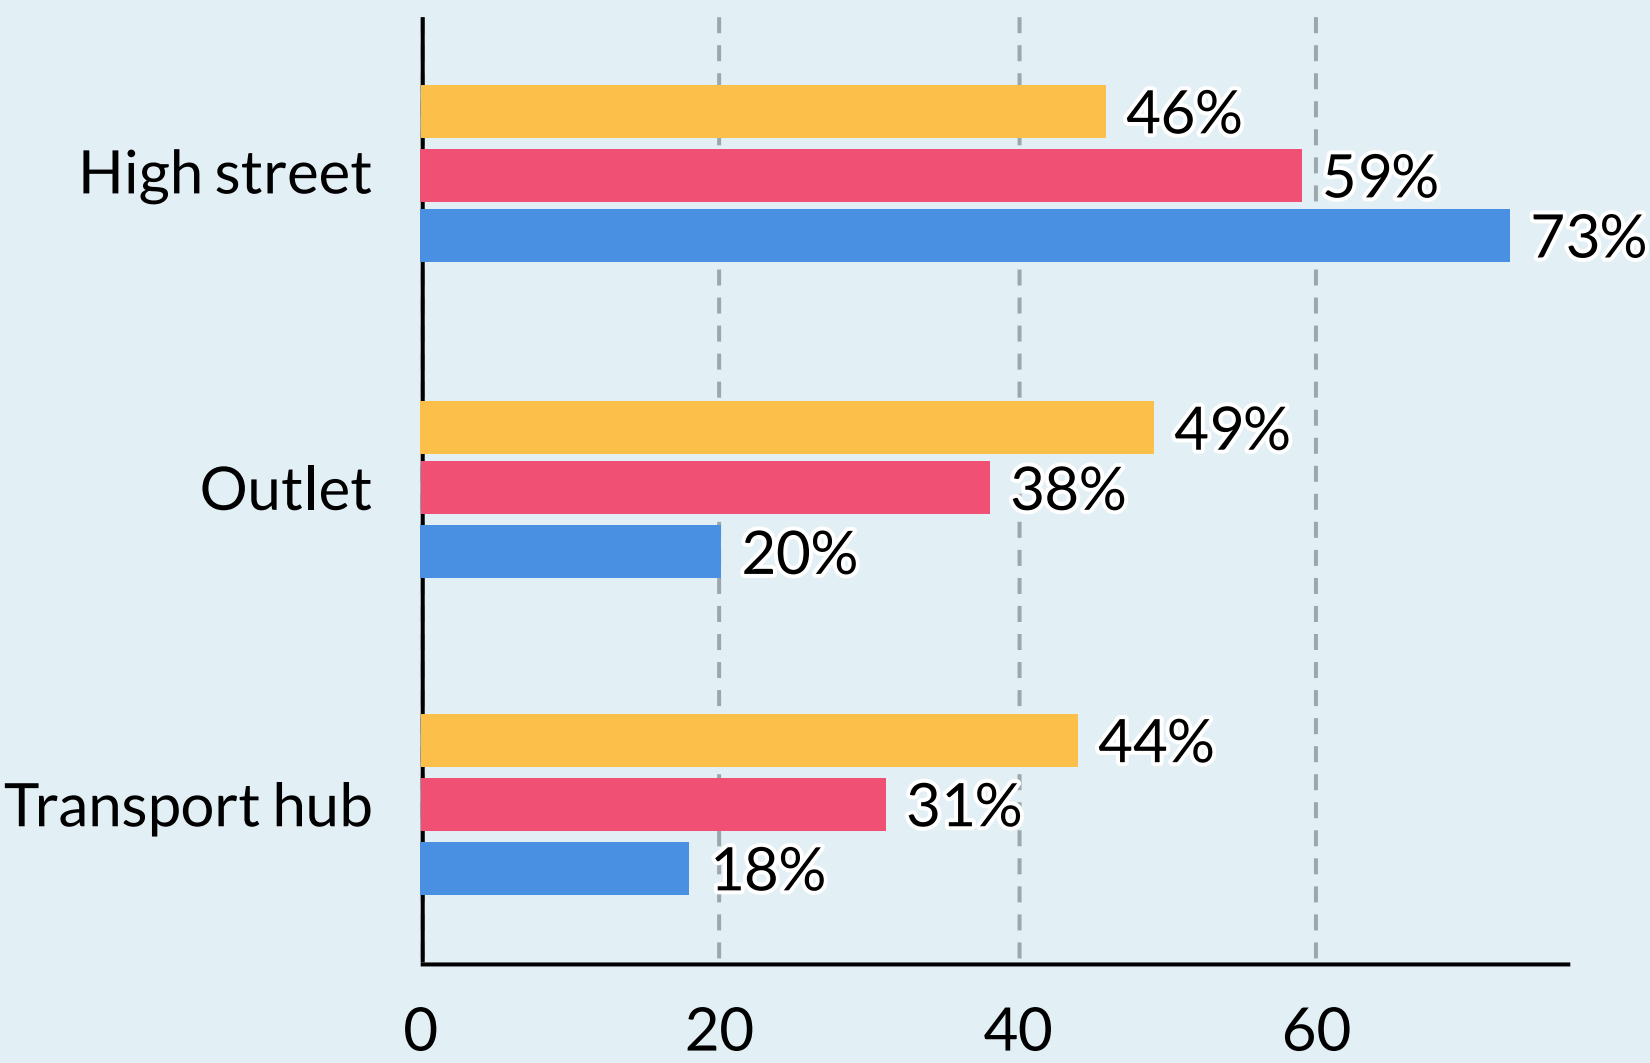

Older people are more likely to use standalone high street stores

Younger people are more likely to go to outlets contained in larger stores (i.e. supermarkets)

Stores located in transport hubs (i.e. train stations) are more popular with young people

Sample: 1772 internet users aged 16+ who purchased from a bakery/pastry shop in the last 12 months

Age is the key determinant of bakery purchasing habits
